Triumph 650/750 Twins and 750 Triples

Beginning in 1969 the frame and engine numbers used a 2 letter prefix. The first letter designated the month of manufacture and the second letter designated the year of manufacture. The year of manufacture is not necessarily the model year. Following the 2 letters there are five digits commencing with 00100 for the engine and frame numbers. Following these are the model designation.
